## DETAILED ACTION

### *Claim Rejections - 35 USC § 102*

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-12 are rejected under 35 U.S.C. 102(b) as being anticipated by Darby.

Darby discloses a substantially rigid structure abstract, said substantially rigid structure having an inner surface 0034 and an outer surface 0034, said substantially rigid structure having a plurality of holes 0034 there through at pre-selected locations; and a liner affixed to the inner surface of said substantially rigid structure 0034, said liner provides substantially uniform compression to the body part to prevent the occurrence of window edema 0034, said device is a prosthesis fig. 1, an orthosis fig. 1, said orthosis is selected from the group consisting of an ankle brace, a leg brace, a walking brace, and an arm brace fig. 1, a flexible support member 0034 affixed to the inner surface of said substantially rigid structure, said flexible support member being constructed so as to allow the transfer of moisture from said body portion through said flexible support member and out through the holes in said structure to the atmosphere 0034, said flexible support member is provided with a plurality of holes there through 0034, said holes in said flexible support member being in alignment with said holes in
